

EK-108-P

Econo-Key's EK-108-P is a full-size keyboard with the added convenience of a built-in mouse.

Designed in a fully sealed, IP-67-rated case for rugged use, the EK-108-P is ideal for environments ranging from manufacturing to material handling to medical.

Its large numeric pad allows for easy data entry, while its built-in pointer located under the space bar eliminates the need for an external mouse.
